## Independent Auditor's Report

To the City Commissioners  
City of Helen, Georgia

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Helen, Georgia, as of and for the year ended June 30, 2010, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City of Helen, Georgia's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund and the aggregate remaining fund information of the City of Helen, Georgia, as of June 30, 2010, and the respective changes in financial position, and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 21, 2010, on our consideration of the City of Helen, Georgia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit. In addition, in accordance with the Official Code of Georgia, we have issued a report dated December 21, 2010, on the schedule of Special Purpose Local Option Sales Tax.

The City of Helen, Georgia has not presented Management's Discussion and Analysis that accounting principles generally accepted in the United States of America have determined is necessary to supplement, although not required to be part of, the basic financial statements. However, the City of Helen, Georgia has presented budget comparison information on pages 24 through 26 to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Helen, Georgia's financial statements as a whole. The combining and individual nonmajor fund financial statements, and the schedule of special purpose local option sales tax are presented for purposes of additional analysis and are not a required part of the financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the financial statements. The schedule of expenditures of federal awards, the combining and individual nonmajor fund financial statements, and the schedule of expenditures of special local option sales taxes are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Sincerely,

Walker & Associates  
Certified Public Accountants

**CITY OF HELEN, GEORGIA**  
 Reconciliation of the Statement of Revenues, Expenditures, and Changes  
 in Fund Balances of Governmental Funds to the Statement of Activities  
 For the Year Ended June 30, 2010

**Net change in fund balances-total governmental funds** \$ 842,531

Amounts reported for governmental activities in the statement of activities are different because:

Capital outlays are reported as expenditures in governmental funds. However, in the statement of activities, the cost of capital assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation (\$381,757) exceeded capital outlay (\$225,669) in the current period. (156,088)

Debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net assets. Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets. This is the amount by which repayments exceeded proceeds. 149,757

Because some revenues will not be collected for several months after the City's fiscal year ends, they are not considered "available" revenues and are deferred in the governmental funds, but considered as revenues in the government wide financial statements. This amount represents the reclassification in deferred revenue. (50,889)

Accrued interest and amortization of deferred charges on long term debt 963

Long term liability for compensated absences. This represents the change in vested benefit of employees for vacation pay earned but not taken as of the year end. (35,487)

**Net Change in net assets of governmental activities** \$ 750,787

**NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of City of Helen, Georgia, have been prepared in conformity with Generally Accepted Accounting Principles (GAAP) as applied to government units. The City's reporting entity applies all relevant Governmental Accounting Standards Board (GASB) pronouncements and Accounting Principles Board (APB) opinions, unless those pronouncements conflict with or contradict GASB pronouncements, in which case GASB prevails. The more significant of the government's accounting policies are described below.

**1-A The Reporting Entity**

The reporting entity is defined by GASB 14 and is made up of the primary government and its component units.

The foundation of a primary government is a separately elected governing body--one that is elected by the citizens in a general, popular election. As the nucleus of the financial reporting entity, the primary government generally is the focal point for the users of the financial statements. A primary government is any state government or general purpose local government (municipality or county) that meets all of the following criteria:

- a. It has a separately elected governing body.
- b. It is **legally separate**.
- c. It is **fiscally independent** of other state and local governments.

All funds, organizations, institutions, agencies, departments, and offices that are not legally separate are, for financial reporting purposes, part of a primary government.

The following circumstances set forth a primary government's financial accountability for a legally separate organization.

The primary government is financially accountable if it appoints a voting majority of the organization's governing body and (1) it is able to impose its will on that organization or (2) there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government. The primary government may be financially accountable if an organization is fiscally dependent on the primary government regardless of whether the organization has (1) a separately elected governing board, (2) a governing board appointed by a higher level of government, or (3) a jointly appointed board.

In accordance with GASB 14 the following component unit is included the City's financial statements under the Discretely Presented Component Unit caption.

1. The Downtown Development Authority is governed by a seven member board, appointed by the City Commission and is a separate legal, public body corporate and politic created and existing under instrumentality of the City of Helen for the purpose of acquiring and financing land to be leased to the City of Helen for use as a public pay parking lot.

The above component unit's General Fund is reflected on the City's financial statements under the Discretely Presented Component Unit caption. No separate statements are available.

**1-B Basis of Presentation, Basis of Accounting**

**Basis of Presentation**

*Government-wide Statements:* The statement of net assets and the statement of activities display information about the primary government (the City) and its component units. These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double-counting of internal activities. These statements distinguish between the *governmental* and *business-type* activities of the City. Governmental

**CITY OF HELEN, GEORGIA**  
Notes to Financial Statements  
June 30, 2010

activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the City and for each function of the City's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reversed for the statement of activities. Program revenues include (a) fees, fines, and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

*Fund Financial Statements:* The fund financial statements provide information about the City's funds. Separate statements for each fund category- governmental and proprietary are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as non-major funds.

Proprietary fund operating revenues and expenses result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues and expenses, such as subsidies, investment earnings or interest expense, result from non-exchange transactions or ancillary activities.

The City reports the following major governmental funds:

*General Fund.* This is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

*Special Revenue Fund.* This fund accounts for the receipt and expenditure of Hotel/Motel tax revenues.

*Capital Projects Fund.* This fund accounts for *Special Purpose Local Option Sales Tax* financial resources expended for purposes approved by referendum.

The City reports the following major enterprise fund:

*Water and Sewer Fund.* This fund accounts for the operations of the City's water and sewer services.

#### Measurement Focus, Basis of Accounting

*Government-wide and Proprietary Fund Financial Statements.* The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus. The government-wide and proprietary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the City gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

*Governmental Fund Financial Statements.* Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The City considers all revenues reported in the governmental funds to be available if the revenues are collected within thirty days after year-end except for property taxes for which sixty days after year end applies. Property taxes, sales taxes, franchise taxes, licenses, and interest are considered to be susceptible to accrual. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on long-term debt, claims and adjustments, and compensated absences, which are recognized as expenditures to the extent they have matured. General

**CITY OF HELEN, GEORGIA**  
Notes to Financial Statements  
June 30, 2010

capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Under the terms of grant agreements, the City funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net assets available to finance the program. It is the City's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants, and then by general revenues.

All business-type activities and enterprise funds of the City follow FASB Statements and interpretations issued before or after November 30, 1989, Accounting Principles Board Opinions, and Accounting Research Bulletins, unless those pronouncements conflict with GASB pronouncements.

**1-C Assets, Liabilities, and Equity [Primary government]**

**Investments**

As of June 30, 2010, the City did not have investments.

**Cash and Cash Equivalents**

The City considers short-term liquid investments that are both readily convertible to known amounts of cash and so near maturity that they present insignificant risk of changes in value because of changes in interest rates to be cash equivalents. Only investments with original maturities of three months or less meet this definition. Non-negotiable certificates of deposit are considered to be cash equivalents.

**Restricted Assets**

These assets are held in the capital projects fund and special revenue funds for specific purposes defined by statute, referendum, or grant contract and not generally available for general government operations.

**Receivables and Payables**

All trade and property tax receivables are shown net of an allowance for doubtful collections.

**Property Tax Calendar**

The City set its millage rate for 2009 on July 21, 2009 at 4.90 mils. Property tax bills were mailed on August 18, 2009 and were due November 15, 2009. Penalties and interest are due on all accounts not paid by the due date. Fifa's on delinquent tax accounts could be filed on November 16, 2009. The City contracts with the White County Tax Commissioner's Office to process tax bills, collect and remit tax payments. The fee for this service is \$5.00 per tax bill.

**Inventories and Prepaid Items**

Inventories are valued at the lower of cost or market. In the governmental funds, the costs of inventory items are recorded as expenditures at the time of purchase. The City maintains no significant inventories. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items.

**Capital Assets**

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable government or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$2,500 (amount not rounded) and an estimated useful life in excess of two years. The government reports infrastructure

**CITY OF HELEN, GEORGIA**  
**Notes to Financial Statements**  
**June 30, 2010**

assets on a network and subsystem basis. Accordingly, the amounts spent for the construction or acquisition of infrastructure assets are capitalized and reported in the government-wide financial statements regardless of amount.

In the case of the initial capitalization of general infrastructure assets (i.e., those reported by governmental activities), the government chose to include all such items regardless of their acquisition date or amount. The government was able to estimate the historical cost for the initial reporting of these assets through back trending (i.e., estimating the current replacement cost of the infrastructure to be capitalized and using an appropriate price-level index to deflate the cost to the acquisition year or estimated acquisition year). As the government constructs or acquires additional capital assets each period, including infrastructure assets, they are capitalized and reported at historical cost. The reported value excludes normal maintenance and repairs which are essentially amounts spent in relation to capital assets that do not increase the capacity or efficiency of the item or extend its useful life beyond the original estimate. In the case of donations, the government values these capital assets at the estimated fair value of the item at the date of its donation.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

<i>Asset Class</i>	<i>Estimated Lives</i>	<i>Capitalization Threshold</i>
Buildings	35	\$2,500
Building Improvements	35	\$2,500
Vehicles	7-15	\$2,500
Equipment	5-25	\$2,500
Infrastructure	20-25	\$2,500

**Compensated Absences**

The liability for compensated absences reported in the government-wide and proprietary fund statements consists of unpaid, accumulated annual and sick leave balances. The liability has been calculated using the vested method, in which leave amounts for both employees who currently are eligible to receive termination payments and other employees who are expected to become eligible in the future to receive such payments upon termination are included.

**Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from these estimates.

**Retirement Plans**

The City sponsors the Helen Section 457 Deferred Compensation Plan, a defined contribution plan, for the benefit of its employees. All funding is from employee deferrals. In order to participate, an employee must work for the City for at least six months. From six months to two years, the employee contributes a percentage of salary. From year two to year five, the City will match up to 5% of the employee's salary. After the fifth year of employment, the City will match up to 10% of the employee's salary. The plan holds its assets in a separate trust invested in annuity contracts in the name of each participant and consequently is not reported on the City's financial statements. As administrator of the plan, the City may amend the plan at its discretion. For the year ending June 30, 2010, the eleven (11) employee/participants contributed \$30,960 to the plan, and the employer matched with a contribution of \$29,790.

**NOTE 2. CASH [Primary government]**

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. State statutes require all deposits and investments (other than federal or state government instruments) to be collateralized by depository insurance, obligations of the U.S. government, or bonds of public authorities, counties or municipalities.

**CITY OF HELEN, GEORGIA**  
Notes to Financial Statements  
June 30, 2010

NOTE 2. CASH (continued)

The City's custodial credit risk policy is to require all banks to collateralize the City's deposits at 110% of account balances and to have a perfected security agreement supporting the collateral agreement with the bank. The City does not have a foreign credit risk.

At June 30, 2010, all bank deposits were insured or fully collateralized.

NOTE 3. RECEIVABLES [Primary government]

The following is a summary of amounts due from other others at June 30, 2010.

NOTE 4. LITIGATION [Primary government]

The Attorneys for the City have advised that there are no known legal matters which will have a material effect on the City's financial condition. No provision has been made to provide reserves for litigation settlements.

NOTE 5. DEFERRED CHARGE [Primary government]

Bond issuance cost is capitalized as a deferred charge on the balance sheet and is amortized over the life of the bonded indebtedness. The amount reported on the Statement of Net Assets is net of amortization:

Business-type activities	\$32,014
Governmental activities	\$11,737

NOTE 6. LONG-TERM DEBT [Primary government]

The City's Long Term Debt consists of obligations under capital leases and revenue bonds and notes payable. The following is a summary of changes in long-term debt for the year ended June 30, 2010. The amounts reported as Long Term Debt in the Statement of Net Assets represents amounts not expected to be paid with expendable available resources. The interest expense reported in the government-wide Statement of Activities for governmental activities is \$29,093 which was paid as a direct cost of long-term debt. In business-type activities, the City incurred \$44,710 as a direct cost of long-term debt.

**Governmental Activities Debt** – The following is a summary of the outstanding debt for the City's governmental activities.

**Bonds** -- On November 11, 1995, the City issued \$300,000 in Revenue Bonds for the purchase and development of a new Welcome Center. These bonds were issued at a rate of 3.25%, require monthly payments of \$2,111 and mature on June 1, 2016. Annual debt service requirements to amortize the 1995 series bonds are as follows:

**Capital Leases** -- The City has entered into capital lease agreements as lessee for financing the acquisition of land, police vehicles, equipment and a building. These leases qualify as capital leases for accounting purposes (i.e., title transfers at the end of the lease term) and, therefore, have been recorded at the present value of the future minimum lease payments as of the date of the inception of the lease. Capital lease payments are reflected as debt service expenditures at the fund reporting level. The City has four capital lease arrangements outstanding at June 30, 2010.

On June 6, 2001, the City entered into a capital lease to finance the acquisition of land, known as the Riverwalk property, at a rate of 5.17%, with semi-annual payments of \$31,354 and a maturity date of March 5, 2011.

On December 21, 2005, the City entered into a capital lease to finance the acquisition of land and building and the remodeling of the building to be used as the new City Hall, at a rate of 5.17%, with annual payments of \$31,354 and a maturity date of March 3, 2019.

On July 9, 2007, the City entered into a capital lease to finance the acquisition of a Mini-Pumper Emergency Body, at a rate of 4.78%, with monthly payments of \$2,613 and a maturity date of April 15, 2012.

On January 9, 2008, the City entered into a capital lease to finance the acquisition of a Street Sweeper, at a rate of 3.82%, with monthly payments of \$2,775 and a maturity date of November 15, 2010.

The assets acquired through capital leases are as follows:

NOTE 7. SHORT-TERM DEBT:

**Intergovernmental loans:**

In August 2009, the City received a construction loan from GEFA in an amount up to \$1,288,000 for the rehabilitation of the City’s wastewater treatment facility. This project is scheduled to be completed by the end of December 2010. Once the project is completed GEFA will forgive 70% of the construction loan’s balance as a subsidy to the City. The remaining 30% balance will be converted to a permanent loan to be amortized over 20 years at an interest rate of 3.00% amortized monthly. As of June 30, 2010, the City has recorded a short-term debt balance equal to 30% of the total GEFA loan draws received totaling \$119,810.

As a condition of the GEFA construction loan received in August 2009, the City was required to pay a 2% loan origination fee of \$25,760. The origination fee is being paid as a one year zero percent loan to be paid in monthly installments beginning in November 2009. As of June 30, 2010, the outstanding balance of this loan is \$8,587. The final payment is scheduled to be made in October 2010. Payments are being made out of operating revenues.

**NOTE 9. COMPENSATED ABSENCES [Primary government]**

Governmental Accounting Standards Board Statement 16, effective for fiscal years beginning after June 15, 1993, requires that such benefits be accrued when: (1) the employer's obligation to employees' right to receive compensation for future benefits is attributable to employees' service already rendered; (2) the obligation relates to rights that vest or accumulate; (3) payment of the compensation is probable; and (4) the amount can be reasonably estimated. Accrued Vacation and Personal Leave in the amount of \$139,332 is included in the Statement of Net Assets, under noncurrent liabilities in due in more than one year, in the amount of \$129,038 and \$10,294 for the Governmental activities and Business-type activities respectively.

**NOTE 10. RISK MANAGEMENT [Primary government]**

The City purchases Workers Compensation Insurance through the Georgia Municipal Association Worker's Compensation Self Insurance Fund. The City's policy year starts on January 1<sup>st</sup> and ends on December 31<sup>st</sup> of each year. The premium for the policy year of 2010 was \$45,000. The City also purchases General Liability Insurance through the Georgia Interlocal Management Agency. The City's policy year starts May 1<sup>st</sup> and ends on April 30<sup>th</sup> of each year. The premium for the year ending April 30, 2010 was \$58,466.

As part of these risk pools, the Government is obligated to pay all contributions and assessments as prescribed by the pools, to cooperate with the pool's agents and attorneys, to follow loss reduction procedures established by the funds, and to report as promptly as possible, and in accordance with any coverage descriptions issued, all incidents which could result in the funds being required to pay any claim of loss. The Government is also to allow the pool's agents and attorneys to represent the Government in investigation, settlement discussions and all levels of litigation arising out of any claim made against the Government within the scope of loss protection furnished by the funds.

The funds are to defend and protect the members of the funds against liability or loss as prescribed in the member government contract and in accordance with the worker's compensation law of Georgia. The funds are to pay all costs taxed against members in any legal proceeding defended by the members, all interest accruing after entry of judgment, and all expenses incurred for investigation, negotiation or defense.

With respect to other types of risk including torts, theft or destruction of assets, errors of omissions, and acts of God, the City has purchased sufficient insurance and, therefore, transferred risk of loss. There have been no settlements in the previous three years in excess of insurance.

NOTE 11. HOTEL-MOTEL TAX COMPLIANCE [Primary government]

The City passed an ordinance to increase their Hotel-Motel excise tax from 5% to 8% beginning in July 2009. As required by code section 48-13-51 of the O.C.G.A the city is required to spend 40% of the first 5% of the tax assessed on the promotion of tourism and trade. In addition, 50% of the amount assessed over 5% must also be expended for promotion of tourism and trade. At June 30, 2010, the City funds the Alpine Helen/White County Convention and Visitors Bureau for the expenditure of this tax revenue and provides the Chamber with 45% percent of total tax collections. In addition, the city is required to spend the entire balance retained over the 5% tax rate for tourism product development.

These balances resulted from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

This government reports interfund transfers between many of its funds. Some of the transfers are considered immaterial and are aggregated into a single column or row titled *Other Funds*. The sum of all transfers presented in the table agrees with the sum of interfund transfers presented in the governmental and proprietary fund financial statements. These transfers have been eliminated from the government-wide financial statements.

**NOTE 17. JOINT VENTURES**

Under Georgia law, the City, in conjunction with other cities and counties in the northeast Georgia area, is a member of the Georgia Mountains Regional Development Center (RDC) and is required to pay annual dues thereto. During its year ended June 30, 2010, the City paid \$870 in such dues. Membership in an RDC is required by the Official Code of Georgia Annotated (OCGA) Section 50-8-34, which provides for the organizational structure of the RDC in Georgia. The RDC Board membership includes the chief elected official of each county and municipality of the area. OCGA 50-8-39.1 provides that the member governments are liable for any debts or obligations of an RDC. Separate financial statements may be obtained from:

**NOTE 18. COMPLIANCE**

At June 30, 2010, the City was not in compliance with the following statute:

OCGA 36-81-3 Relating to the failure to adopt a budget for the Tree Fund, the failure to adopt a balanced budget and expenditures in excess of appropriations for the Grant fund.

**NOTE 19. PRIOR PERIOD ADJUSTMENT**

General Fund:

To reclassify \$238,042 in accumulated prior period payments made to White County for the purchase of a fire truck originally recorded as an "other asset". The fire truck was paid off during 2009 and is now jointly owned by the City of Helen and White County. An additional prior period adjustment of \$131,909 was required to record the accumulated depreciation expense incurred since the fire truck was placed in service.

Notes to Required Supplementary Information  
on Budgetary Accounting and Control  
Year Ended June 30, 2010

**BUDGETARY ACCOUNTING AND CONTROL**

**Budget Law**

The City prepares its annual operating budget under the provisions of the official Code of Georgia. In accordance with those provisions, the following process is used to adopt the annual budget:

- (a). Prior to June 1, the City Finance Officer submits to the City Council a proposed operating budget for the fiscal year commencing the following July 1. The operating budget includes proposed expenditures and the means of financing them.
- (b). Public hearings are conducted at regular Commission meetings to obtain taxpayer comments. Public hearings are normally scheduled no later than 15 days prior to the beginning of the budget year.
- (c). Subsequent to the public hearings, the budget is legally enacted through the passage of a resolution by the City Council.

All governmental funds with revenues and/or expenditures as defined by State law are required to have annual budgets. The legal level of control at which expenditures may not legally exceed appropriations is at the department level within a fund.

**Budgetary Accounting**

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all governmental funds. All annual appropriations lapse at fiscal year end.

The appropriated budget is prepared by fund, function, and department. The government's department heads may make transfers of appropriations within a department. Transfers of appropriations between departments require the approval of council. The legal level of budgetary control (i.e., the level at which expenditures may not legally exceed appropriations) is the department level.

**BUDGET REQUIREMENTS**

Amendments to the original budget appropriations were properly approved by the City Commissioners. For the year ended June 30, 2010, the following supplemental increases and decreases in appropriations were approved:

Fund Type	Original Budget	Supplemental Appropriations	Supplemental Decreases	Revised Appropriations
General Fund	\$ 2,210,077	\$ 5,500	\$ -	\$ 2,215,577

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE  
AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS  
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Mayor and City Commission  
City of Helen  
Helen, Georgia

We have audited the financial statements of the governmental funds, the business-type activities, the discretely presented component unit, each major fund, and the remaining fund information of the City of Helen, Georgia as of and for the year ended June 30, 2010, and have issued our report thereon dated December 21, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City of Helen, Georgia's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Helen, Georgia's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City of Helen, Georgia's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. However, as described in the accompanying Schedule of Findings and Questioned Costs, we identified certain deficiencies in internal control over financial reporting that we consider to be material weaknesses.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. We consider the deficiency described in the accompanying Schedule of Findings and Questioned Costs, item 2010-1, to be a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Helen, Georgia's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying Schedule of Findings and Questioned Costs as item 2010-2.

To the Mayor and City Commission  
City of Helen, Georgia  
Page 2

The City of Helen, Georgia's response to the findings identified in our audit are described in the accompanying Schedule of Findings and Questioned Costs. We did not audit the City of Helen, Georgia's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of management, City Commission, others within the entity, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**THE CITY OF HELEN, GEORGIA**  
Schedule of Findings and Questioned Costs  
Year Ended June 30, 2010

Summary of Auditor's Results

1. The auditor's report expresses an unqualified opinion on the financial statements of the City of Helen, Georgia.
2. Significant deficiencies relating to the audit of the financial statements are reported in this schedule under the caption "Findings-Financial Statement Audit". Finding 2010-1 is considered a material weakness.
3. Instances of noncompliance material to the financial statements of the City of Helen were disclosed during the audit.
4. No significant deficiencies relating to the audit of the major federal award programs were reported.
5. The auditor's report on compliance for the Capitalization Grants for Clean Water Revolving Loan Program, the COPS Hiring Recovery Program and the Employee Incentive Program express an unqualified opinion.
6. There are no audit findings that are required to be reported in accordance with Section 510(a) of OMB Circular A-133.
7. The program tested as a major program includes: Capitalization Grants for Clean Water Revolving Loan Program CFDA # 66.458.
8. The threshold used for distinguishing between Type A and B programs was \$300,000.
9. The City of Helen, Georgia did not qualify as a low-risk auditee.

**Findings-Financial Statement Audit**

**Internal Control**

2010-1

Condition: The City does not possess adequate capabilities to prepare financial statements in accordance with accounting principles generally accepted in the United States.

Criteria: The City should possess the ability to prepare its own financial statements or have access to someone with adequate technical training and education to review the financial statements prepared by others.

Cause: The City staff does not have the accounting skills necessary to prepare financial statements in accordance with accounting principles generally accepted in the United States.

Effect: The City does not possess adequate capabilities to prepare financial statements in accordance with accounting principles generally accepted in the United States.

Recommendation: The City should consider employing someone or contracting with another entity to review the financial statements prepared by the auditor.

Response: The City agrees with the finding.

**THE CITY OF HELEN, GEORGIA**  
Schedule of Findings and Questioned Costs  
Year Ended June 30, 2010

**Compliance**

2010-2

Condition: The City did not adopt a budget for the Tree fund, failed to adopt a balanced budget for the Grant fund and had expenditures in excess of appropriations for both funds.

Criteria: Georgia code OCGA 36-81-3 requires a balanced budget be adopted for all governmental funds and limits expenditures to the legally approved budget amounts.

Cause: The City did not adopt a budget for the Tree fund and failed to adopt a balanced budget for the Grant fund.

Effect: At June 30, 2010, the City was not in compliance with OCGA 36-81-3.

Recommendation: We recommend that the City comply with all relevant statutes concerning the operation of a local government in order to reduce the risk of litigation and other unforeseen actions.

Response: The City agrees with this finding.

## REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

### Independent Auditor's Report

Helen City Commission  
Helen, Georgia

#### Compliance

We have audited City of Helen, Georgia's compliance with the types of compliance requirements described in the OMB *Circular A-133 Compliance Supplement* that could have a direct and material effect on each of City of Helen, Georgia's major federal programs for the year ended June 30, 2010. The City of Helen, Georgia's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the City of Helen, Georgia's management. Our responsibility is to express an opinion on the City of Helen, Georgia's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City of Helen, Georgia's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the City of Helen, Georgia's compliance with those requirements.

In our opinion, the City of Helen, Georgia complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2010.

#### Internal Control Over Compliance

Management of the City of Helen, Georgia is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the City of Helen, Georgia's internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City of Helen, Georgia's internal control over compliance.

A *deficiency* in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable

possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

The City of Helen, Georgia's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. We did not audit the City of Helen, Georgia's responses and, accordingly, we express no opinion on the responses.

This report is intended solely for the information and use of management, the Helen City Commission, others within the entity, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
